WHAT CAN YOU EXPECT ON THIS COURSE?

Choose from six programs:

English Plus Filmmaking

Learn the art and craft of filmmaking through a balance of classroom instruction, hands-on film workshops, and immediate directing experience. You will be behind the camera from the first day of class. Learn about and explore the numerous visual, dramatic, and technical challenges that directors face. In addition to writing, producing, directing, and editing your own films, you will have the opportunity to assist other members of their crews in the roles of director of photography, assistant cameraperson, and gaffer/grip, providing everyone with extensive set experience.

English Plus Acting for Film

For beginners as well as experienced actors, the Acting for Film school provides you with modern on-camera acting techniques as well as a foundation in time-honored theatrical traditions. With professional instructors who are working actors, writers, directors, producers with experience in independent film, television, Broadway, Off-Broadway and regional theater, students will be learning from the industry's best.

English Plus Musical Theatre

Study the various aspects of musical theatre craft to hone and perfect your skills. The program is designed for individuals with singing and movement abilities who may or may not have prior experience on a musical theatre stage.

English Plus 3D Animation

Learn the technical and artistic tools you need to master 3D animation. After the program, you may choose to become an independent animators or to pursue a career in the film, gaming, interactivity or commercial industries.

English Plus Producing

The production course is designed to illuminate one of the most important and misunderstood jobs in film and television. Throughout the course students will take a project (book, screen play or show concept) through the various stages of development - pitch, treatment, script, talent search, budget, schedule, and plans for marketing and distribution.

English Plus Photography

Receive comprehensive instruction in the aesthetics, techniques, and business of photography through hands-on, experiential assignments while learning to use state-of-the-art technology, equipment and software.

All instruction will be in English, giving students the opportunity to expand their vocabulary while learning new skills and meeting fellow students from all over the world.
